

Souvenir Programme

Thursday 2 June - Sunday 5 June 2022

@AdlingtonDistrictQPJ

adlingtontowncouncil.co.uk/queensjubilee

6 February 2022 marked 70 years since The Queen acceded to the throne on the death of her father King George VI.

Her Majesty has gone on to reign longer than any other British Monarch in history, and to become a beloved figure around the world.

The Accession

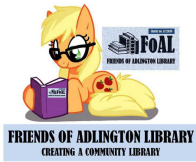

In 1952, King George VI's health was poor, and illness forced him to abandon a proposed Commonwealth tour. Princess Elizabeth, accompanied by Prince Philip, took his place. On Wednesday 6 February 1952, she received the news of her father's death and her own Accession to the throne while staying in a remote part of Kenya. In an instant, she had ceased to be Princess Elizabeth and became Queen Elizabeth II.

Following the news, the tour was abandoned, and the young Princess flew back to Britain as Queen. She was greeted by Prime Minister Winston Churchill and other officials at the airport before returning to Clarence House. She was officially crowned in a Coronation ceremony at Westminster Abbey the following year, on 2 June 1953.

Her Majesty's Accession came as she was raising a young family: Prince Charles was three years old and Princess Anne just one when The Queen learned of her father's death.

The new Queen was formally proclaimed at an Accession Council at St James's Palace held on the day of The King's death. It was attended by members of the Privy Council along with Great Officers of State, the Lord Mayor and City of London Civic party, Realm High Commissioners and civil servants.
